Position Title: Engineer

Grade Level: 17-2011-17

Exemption Status: Exempt

Department: Engineering

Division Manager: *Executive Vice President Engineering*

Department Manager: *Engineering Manager*

Immediate Supervisor: *Engineering Manager*

Duties, Responsibilities and Authority:

This position is responsible for *the* development of component specification repairs in conjunction with Customer Engineering Groups, Perform Air International Inc. Engineering, and the Federal Aviation Administration.

To reduce cost and lead time to Perform Air International Inc. and its customers, this position is responsible for the research and development of Parts Manufacturer Approvals (PMA).

The *Vice President Engineering or Engineering Manager* may assign additional responsibilities at any time. This position may require travel.

Qualifications:

Education: Aeronautical or Aerospace Engineering degree or High School completion plus one of the Experience or Training requirements fulfilled.

Experience: Two years engineering experience with an Aviation company.

Training: Two years in-house employment plus documented training records of at least 100 hours.
