

**Perform Air International Inc.**  
**Quality System Manual**  
**Policy QSM.20: Workplace Safety / Security Policy**

Revision	Revision Date	Revision Change
N/I	02/08/10	Initial Release/Re-release
1	02/27/14	Addition of 49CFR1554 requirements

The Management of Perform Air International Inc. is committed to ensuring the safety and security of all personnel and facilities. We will work cooperatively with any individual who represents a regulatory agency or other authorities and will adhere to any and all safety requirements.

Perform Air International Inc.'s Management is committed to working within the community to ensure the safety of all employees and guests while at the workplace. State and Federal regulations, as well as in house safety procedures, are utilized to achieve this goal. Upon hire, and as required, courses are offered to ensure each employee is prepared in the case of an emergency.

*Perform Air International Inc. will comply with the requirements of 49 CFR 1554 (as revised and as it pertains to off-airport repair station operations). To support this policy, Executive Management will comment on TSA Security Directives by submitting data, views or arguments to TSA in a timely manner, and comply with all TSA Security Directives by their effective date.*

*Perform Air International Inc. will ensure adequate communication with the TSA regarding any Security Directives received and will acquire TSA approval of any alternate means of Security Directive Compliance and will ensure that all Security Directive information is only distributed to personnel with an operational need to know.*

The Management of Perform Air International Inc. is committed to our customers. Our facility is equipped with technology that ensures the highest security available to protect customer-supplied product while within our possession.

Involvement in the safety and security of the employees of Perform Air International Inc. and the product it services is encompassed within the Diamond Excellence Standard.
